NEW FROM PATERNOSTER

The Bible in the Church and the University

Edited by David Lyle Jeffrey and C. Stephen Evans

It is becoming apparent that the secularized modern university that descended from the Christian universities of the past is having an identity crisis. The reason most often given is our failure to produce a morally or spiritually persuasive substitute for the authority that under-girded the intellectual culture of our predecessors. In this final volume of the Scripture and Hermeneutic Series, a group of distinguished scholars have sought to understand the role of the Bible in relation to the academic disciplines in a fresh way. The essays here consider the historic role of the Bible in the university, the status of theological reflection regarding Scripture among the disciplines today, the special role of Scripture in the development of law, the humanities, and social sciences, and finally, some consideration for the way the Bible speaks to issues of academic freedom, intellectual tolerance and religious liberty. Contributors include: Dallas Willard, William Abraham, Scott Hahn, Robert C. Roberts, John Sullivan, and Roger Lundin.

'This superb collection provides first-rate engagement with a complex, but also supremely important subject.'

Mark Noll, University of Notre Dame, USA

'This important book reclaims the Bible from its Babylonian captivity to narrow academic standards and by doing so serves the university by restoring its heart.'

Stanley Hauerwas, Duke University, USA

David Lyle Jeffrey is Distinguished Professor of Literature and the Humanities in the Honors College of Baylor University. **C. Stephen Evans** is University Professor of Philosophy and the Humanities at Baylor University.
